## FIERCE BLAZE ON BERETANIA

BROKE OUT LATE YESTERDAY AFTERNOON—DID CONSIDERABLE DAMAGE—LARGE CROWDS

A fierce fire broke out yesterday afternoon in a tailor shop at 537 Beretania avenue about 4:30 o'clock yesterday afternoon. It was caused by the overturning of a bottle of benzine on a hot radiator, causing an explosion. The fire quickly burned through the partition of George Turner's paint shop adjoining, and into a grocery store on the other side, and reached a frame building in the rear, while surrounding buildings were threatened. These included the barn of the City Feed Company.

The department responded promptly to an alarm turned in from box 65 by A. Martin a passer-by. The buildings destroyed and damaged are owned by Emmet May and Carl Arndemann and are insured. George Turner is also insured. The loss of the Japanese grocer is \$1,000 with no insurance, and Wyda, the tailor where the fire originated is damaged \$150.

Large crowds gathered to witness the fight of the department against the flames.

### DEFAULT ENTERED.

Jose Figaro yesterday lost his suit against Ewa Plantation Co. by default in failing to file an amended petition within the ten days allowed from the sustaining of demurrer to his second amended petition. Judge De Bolt granted the motion for default of which Castle & Withington had given notice. Figaro sued for \$5000 damages on account of injuries received while in Ewa Plantation Company's employ. Improper medical treatment while suffering from such injuries and forcible ejection from his lodging room, when ill in bed and suffering, and discharge from employment. Heen & Kaulukou were his attorneys.

### NOT SO YOU COULD NOTICE IT.

In order to prevent any false impression on the part of the populists, Mr. Bryan hastens to assure them he is not so conservative that it hurts him.—Chicago Tribune.

### THE WAIHOLE WATER.

A report by government experts was made about seven years ago regarding the Waihole water, which has been claimed by L. L. McCandless. The report was by W. E. Rowell, as superintendent of public works and Stearns Buck, engineer, and was made in June 1899. It estimated the value of the water at \$450 per month.
